**Directions:** Read the story below and answer the questions on the following page.

### Time Traveler's Tales

Mary Pope Osborne likes to go places. One time she went to 16 countries in an old van! Now she uses her mind to travel. She is the writer of the *Magic Tree House* books. In her books, Jack and Annie visit many places.

"Kids give me lots of good ideas," she says. Osborne likes to visit schools. She meets lots of kids. Sometimes they choose the places where Jack and Annie will go. The idea to put Jack and Annie on the *Titanic* came from kids.

"*Tonight on the Titanic* is a little different from my other books," she says. "I wanted kids to know it was sad and not just a fun adventure."
